DRINKS OPTIONS 2026

The Ridgeway Barns is a fully licenced venue and provides a full bar and drinks service for your wedding. We know that many of you like to provide drinks for your guests, so we offer the following drinks options:

CASH BAR

We have a well-stocked and reasonably priced bar in the Threshing Barn. The bar will be open throughout your wedding, typically from the arrival of guests until 11.30 pm.

Cash and card payments are accepted, and you are welcome to put a pre-paid tab behind the bar if you wish. Our stock list and prices are available on request.

BAR TAB OPTIONS

If you (or one of your guests) would like to set up a pre-paid bar tab for your guests, you set the value, and it can then be applied to one of the following options, until it runs out.

Option 1: Soft Drinks Only	Your bar tab can be used by your guests for the purchase of soft drinks only. This applies to any soft drink available from our bar, including hot drinks. It does not apply to mixers when combined with a spirit.
Option 2: Limited Selection	Your bar tab can be used by your guests for the purchase of any soft drink, lager, beer, cider, house wines (those available to purchase by the glass, including Prosecco), and single measures of spirits and mixers. It does not apply to premium wines, shots or double measures.
Option 3: Any drinks	Your bar tab can be used by guests for the purchase of any drink from our bar, including premium wines, double measures and shots.

Bar tabs must be pre-paid. Please let us know if you intend to top up your tab during the course of your event, otherwise we will revert to a paid bar once the tab runs out.

TERMS AND CONDITIONS

Here at The Ridgeway Barns, we aim to offer a home from home experience, so you and your resident guests are welcome to bring your own drinks for personal consumption prior to and after your event. However, during your event (which includes any period when there are more than 40 guests on site), our bar will be open and all drinks must either be purchased from the bar, or through one of these pre-arranged drinks options.

Pre-purchased drinks options are non-refundable. In the event that not all of your pre-purchased alcohol is consumed, we reserve the right to transfer the value of unconsumed stock to a bar tab, at our discretion.

Drinks service for client-supplied alcohol applies during your reception drinks, meal and toasting drinks, and for the volumes specified. Thereafter, any unused bottles will be secured in our cellar, and returned to you the next day.

Clients are not permitted to provide any alcohol beyond that agreed. Guests are not permitted to bring their own alcohol to your event under any circumstances. Failure to comply with this requirement may result in guests being asked to leave the premises and will result in a minimum £300 charge against your security deposit.

Please note that we operate a zero-tolerance policy for under-18s drinking alcohol, and require you to provide the details of any teenagers attending your event in advance. We operate a Challenge 25 policy, so please ensure young adults carry a passport or driving licence if they wish to consume alcohol.

Prices are accurate for events held in 2026, and we will endeavour to maintain prices in line with inflation going forwards. We can confirm drinks options prices 12 months prior to your event.
